

Western Family and Consumer Sciences Show Results for 2022 by counties

**Western Family and Consumer Science Show
Compiled by Chris Maupin**

The 60th Annual Family and Consumer Science Show was recently held in Rapid City, SD. While this is called a show, it consists of various contests for youth and adults to participate in to develop life skills. Participants can come from any state to enjoy the activities. In 2022, entries came from South Dakota, Nebraska, Colorado and Wyoming. Youngsters can participate as Cloverbuds before they reach eligible age to belong to 4-H and receive participation ribbons or placings if they participated in a Beginner contest. Adults are encouraged to participate in many contests and enjoy the competition. A trip winner receives an expense paid trip to Denver, Colorado to participate in educational activities with other area youth. Delaney Zoss, Sanborn County won a trip as being top senior winner in the public presentation competition.

The two day event consists of the following contests: cookie decorating (non – competitive) , meat identification, family life photo, home living, place setting, sewing contest which included both garments and other sewn items, Lego design, public presentations, ingredient measuring, family and consumer sciences judging, produce identification and judging and a family and consumer science skill-a-thon.

Throughout the two-day show, the volunteers who have organized and worked at the show since 1962 were recognized. They include many people who have participated in the show as youngsters. Vicki Trigg, Rapid City, a long time board member was recognized as the 2022 Show Honoree. The show is organized by a board of directors and can always use more board members or volunteers during the show. If you are interested in helping with this event, please contact Peggy Turbiville at turbi@vcn.com. The show is supported

by donors from the area.
