FLOODPLAIN DEVELOPMENT PERMIT APPLICATION / AS-BUILT

**PLEASE READ:** This application must be completely filled out and submitted with the required items listed below before the Planning Department will begin processing. Due to the amount of information usually provided for a Floodplain Development Permit (FDP), the Permit review process may take a minimum of fifteen (15) business days, so please plan your construction project accordingly. A review may take longer if information required was not submitted or is inaccurate and needs to be resubmitted.

**INCOMPLETE APPLICATIONS WILL NOT BE ACCEPTED**

I certify that all information contained within this application form and any other information provided by me in relation to this application is true and accurate to the best of my knowledge; I certify that I will comply with all applicable Federal, State, and local laws and regulations in performing the work for which this permit is intended, and the structure and/or development will meet all applicable requirements of Ordinance #17 (Pennington County Flood Damage Prevention Ordinance) as applicable; and, I FURTHER UNDERSTAND THAT SUBMITTAL OF THIS APPLICATION IS NOT AND DOES NOT CONSTITUTE AN APPROVED PERMIT.

**NOTE**
1. No work may start until a FDP is approved.
2. The FDP may be revoked by way of a STOP WORK ORDER if any false statements are made herein.
3. If revoked, all work must cease until a new FDP and a START WORK ORDER are re-issued.

**DESCRIPTION OF PROPOSED WORK**

Describe the work being done and indicated clearly on maps/site plans which structure/project/etc is being evaluated for a Floodplain Prevention Permit:

</table>

_Pennington County Planning Department • 130 Kansas City Street, Suite 200 • Rapid City, South Dakota 57701 • 605-394-2186_
REQUIRED INFORMATION (An application will not be accepted without this information):

1. The proposed development is located in: Zone_________; and, _______ Floodway or ________ 100-Year Flood Fringe

2. Panel # __________________________ Effective Date __________________________

3. Base Flood Elevation ___________________________ Source: __________________________
   Existing Ground Elev. ___________________________ Source: __________________________
   Finish Elev. ___________________________ Source: __________________________

POST CONSTRUCTION / AS-BUILT

TO BE COMPLETED AFTER CONSTRUCTION

Elevation of as-built lowest floor (including basement) of structure: ___________ Feet ___________ Source

PLEASE INCLUDE SUPPORTING DOCUMENTATION.

Complete or Attach the Following if Applicable to this Project:

1. Describe flood-proofing methods (e.g., elevated on compacted fill; flood proofing using bulkheads, sealers; elevated on poles or columns or concrete walls):

__________________________________________________________________________________

2. If development is a mobile home, refer to section 501(A) of Ordinance #17 for anchoring requirements. Describe anchoring techniques:

__________________________________________________________________________________

3. A description of the extent to which any water course will be altered or relocated;

4. Based on the (100-year) flood elevation data for development or subdivision greater than 50 lots or 5 acres, whichever is less.

5. Attach all relevant engineering data and certificates.

TO BE COMPLETED BY FLOODPLAIN ADMINISTRATOR

_____ APPROVED. I have reviewed the plans and materials submitted in support of the proposed development and find them in compliance with applicable Floodplain Management standards.

_____ DENIED. The proposed development is not in conformance with applicable Floodplain Management Standards.
