7. Committee Open Discussion – There was much discussion by all, about what is meant by containment? Chicken tractors and the amount of them that could be used, fencing etc. for containment, how many containment spaces allowed?

   If you have a ½ acre lot and you have a house, garage and shed, you do not have a half acre to run chickens, your acreage would be under ½ acre with home and other buildings on the property. How much footage from the adjacent properties would chickens be allowed.

   Add section of 204(G) that defines regulations specifically for SRD ½ acre or less
Tina made a motion to change the initial ordinance #1 to add (or 100 chickens) chickens shall be kept on ¼ acre, no infringement on adjacent property, by chickens.

Also, at the next meeting, we will work to specify the # of chickens allowed. The motion was seconded by Carol, passed by all.

8. Future Meeting Agenda Items (Discussion / Additions)
