Staff on Detainee: 1 Unfounded

Each substantiated incident of sexual abuse is reviewed after the investigation is complete. Different factors such as staffing, physical barriers, and technology are taken into account when reviewing each incident. WSDJSC has identified detainee education as an area to be strengthened. This has resulted in the development of an orientation video that will be played daily in addition to the information given during the intake process and the weekly pod meetings in which PREA is discussed.

WSDJSC Command Staff continues to monitor WSDJSC's progress and to manage current processes and procedures for detecting, preventing, reducing, and punishing perpetrators of sexual violence. WSDJSC continues to implement the requirements of the PREA standards and make the necessary changes through on-going review.
