Each substantiated incident of sexual abuse is reviewed after the investigation is complete. In the incident of staff on inmate sexual abuse, the contract staff member resigned prior to termination. The review team identified need for corrective training for contract staff and enforcement of protocols and need for additional video monitoring equipment; which is being added during our current security upgrade. The inmate on inmate incidents were determined to have not been a staffing or security issue.

The Pennington County Jail's Command Staff continues to monitor PCJ's progress and to manage current processes and procedures for detecting, preventing, reducing, and punishing perpetrators of sexual violence. PCJ continues to implement the requirements of the PREA standards and make the necessary changes through on-going review.
